welcome

The image shows a contemporary interior space, likely a lounge or office common area. On the right, a large wall of windows provides a view of greenery outside. In the foreground, there is a light-colored sofa and an orange armchair. In the background, a bar area with a yellow-lit wall and several stools is visible. The word 'welcome' is written in a large, white, sans-serif font across the center of the image.

infocenterhallenberg

The ideal way to experience taking a seat in offices and public spaces. Seeing, touching, feeling – we invite you to engage all your senses and discover the many facets of sitting. That is because sitting always takes different forms. Be it waiting for longer periods, concentrating on your work, communicating with other people, relaxing or indulging in culinary delights – we have the right seating and tables for every application. Supreme design, superb quality. You will discover your own world of sitting when you visit us!

health

Our seating and tables are well proven throughout the healthcare system, in medical practices and hospitals. In reception, waiting, lounge and break areas, in workspaces, staff and conference rooms and in the wide range of patient rooms. We show you how our furniture ensures a more pleasant atmosphere in patient rooms. Straightforward and functional or of a more comforts-of-home nature? What's your preference – metal and plastic or wood? You can choose from a wide range of alternatives. Always design-focused, practical and low-maintenance.

health

And they meet the highest standards and add a touch of luxury. Our ideas and examples for furnishing private wards. Furniture that enables clinics to contrast consciously with the conventional. Exceptional, elegant and eminently comfortable.

hygiene

This is where we showcase the principle on which our kuschmed® Hygienic-Line finish is based. Furniture that virtually prevents viruses, bacteria and germs from adhering to its surfaces. No cracks and gaps. Featuring antibacterial surfaces. Wipeable and disinfected to ensure hygiene safety.

hygiene

Hygiene is a key factor in preventing the spread of infectious diseases. It involves the use of clean water and soap to wash hands, as well as the use of disinfectants to clean surfaces. Proper hygiene practices can significantly reduce the risk of illness and protect public health.

fireprevention

Discover the secret of our upholstered furniture with preventive fire protection. Composite upholstery, which includes special fabric “flamline” (approved by the building authorities and A2 nonflammable according to DIN 4102) as a flexible and non-bulking separating layer between the upholstery foam and the fabric. Furniture that can also be used in areas that serve as emergency escape routes in the event of a fire.

reducedmobility

In this topic area you will find our solutions for people with reduced mobility. For example, chairs with higher or deeper seats or with a practical walking stick holder. Special armchairs and recliners or mobile treatment chairs, with IV stand too. We also offer seating that can cope with loads of up to 300 kg, is of particularly robust design and of a somewhat larger size, for heavy people. Find out, in seating terms, what the difference is between static and dynamic stress.

KUSCH+CO

reduced mobility

Die Kusch+CO Mobilitätslösungen sind speziell für die Bedürfnisse von Patienten mit eingeschränkter Mobilität entwickelt. Sie ermöglichen eine sichere und komfortable Bewegung im Krankenhaus und zu Hause. Die Lösungen sind in verschiedenen Ausführungen und Größen erhältlich, um auf die individuellen Bedürfnisse der Patienten einzugehen.

Kusch+CO

canteen cafeteria stay

This is where we showcase a wide variety of seating and table ranges for canteens, cafeterias and recreation rooms. Tables in a wide choice of sizes and shapes. Seating in a wide range of different versions, from functional stacking chairs via bar stools to comfortable high-back chairs. Featuring frames made of metal as well as wood.

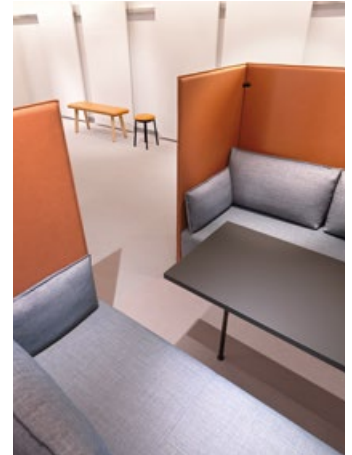

lounge

A place to relax, take a creative break or have a stimulating conversation amid all the hustle and bustle of our modern age. This is the place to experience new seating landscapes. Separate seats, seating in groups or visually and acoustically screened off seating. Our ranges provide an almost infinite range of design options.

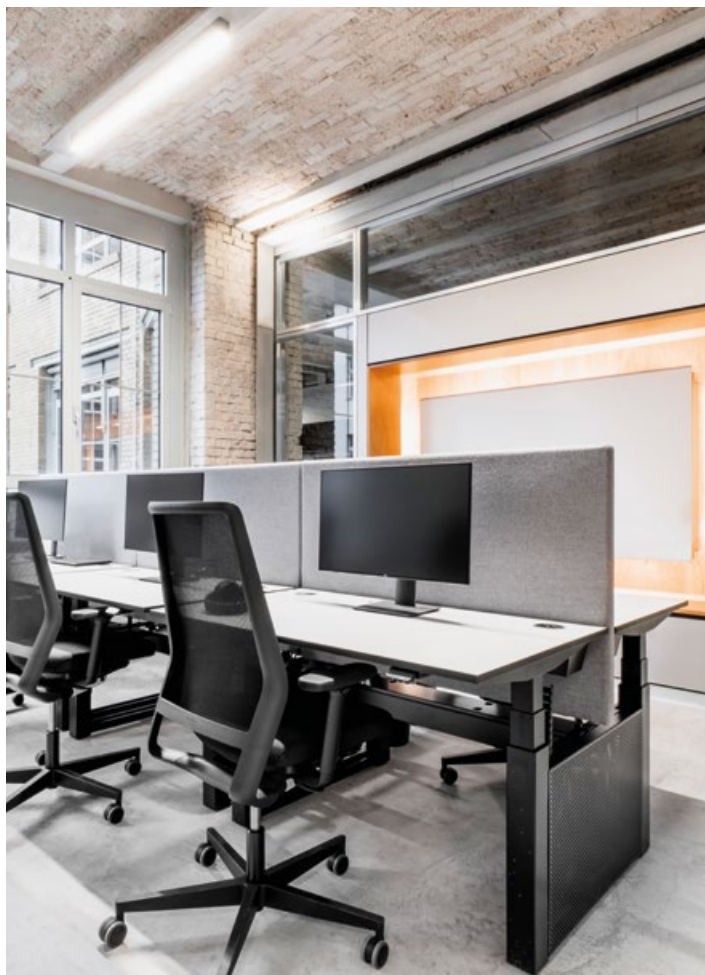

workspace

Be it sitting as an individual or as a team at a table, a conference, seminar or meeting setting, working together in a co-working space, agile working or working from home – office work nowadays comes in a wide variety of different forms. We provide effective solutions for all these situations. Tables and table configurations, also featuring cable management, high tables, with matching side chairs and armchairs. And of course, ergonomic task chairs as well.

airportseating

A modern airport lounge with large windows, grey swivel chairs, and blue lounge chairs. The room has a light-colored tiled floor and a high ceiling. The windows offer a view of an airport tarmac with aircraft and ground service equipment. The seating is arranged in rows, with the grey chairs on the left and the blue lounge chairs on the right. The overall atmosphere is clean, bright, and professional.

For some time now, the design of waiting areas has involved more than just furnishing these areas with space-efficient bench seating. The desire for a more comforts-of-home atmosphere that still meets essential durability, fire prevention and hygiene requirements is growing. We provide you with a diverse choice of premium seating and tables for waiting areas, shopping zones, lounges, conference and seminar rooms as well as dining areas.

Just tell us when you would like to come along. We look forward to your visit to our Infocenter.
And if your schedule allows, you can also savour some of the delights of our attractive Sauerland region.
Be it relaxing in your hotel or taking a dip in a nearby forest lake.

comingsoon

Architects and property developers are increasingly availing themselves of Kusch+Co's fire prevention and hygiene expertise, especially when healthcare facilities and public buildings are involved. That is because Kusch+Co is regarded as a pioneer in terms of design-focused interiors that meet all fire prevention and preventive hygiene requirements. In order to enhance this leadership position, we are building our own "Solutions Lab" at our Factory 2 site. It is scheduled to be opened in the 4th quarter of 2021.
