KUSCH+CO
by Nowy Styl

Characterised by an organic design language and sporty charms – this series reflects the dynamics of our time. Fresh, agile and somewhat cheeky. Offering a high level of individualisation through a fascinating number of options. Several distinct frame variations. Multi-coloured surfaces. **These armchairs look good in every environment!**

lupino

Next to the two seat shell heights already available, new variations have been added to the line-up. Both seat shells are now available with higher arms. A functional alternative offering excellent support when taking a seat or getting up. Instead of a separate seat pad, the upholstery is seamlessly incorporated in the seat frame.

Interior design is a lifestyle. Expressed through a multitude of finishes and personal styles. This series provides leeway for your fantasy and creativity.

8680 Wooden-frame armchair

This wooden-frame variation is characterised by an elegant design language and a cozy charm. The beech frame is seamlessly connected to the seat shell.

8640 Armchair, aluminium base, swivelling

An extremely comfortable armchair for meetings and talks. Designed to create a pleasant, laid-back atmosphere.

8650 Armchair and stool, swivelling/height adjustable

These variations have the added advantage of being height adjustable between 42 cm and 54 cm. The stool is the perfect complement to the armchairs, serving as foot- and legrest. Or as stand-alone seat. Swivelling and height adjustable between 39 cm and 51 cm.

Nowadays, senior citizens are much fitter than in the past. This also applies to their wishes and mentality. Modern furniture, organic shapes – they appreciate the added pizzazz to the interior design. The high arms offer excellent support when getting up or sitting down. The seamlessly incorporated upholstery facilitates cleaning and disinfection.

Hygienic, seamless upholstery

8610 Four-legged armchair and 8630 Sled-base armchair

Whether you prefer the classic four-legged frame or the more dynamic sled base – both variations look good.

8680 Wooden-frame armchair

The variations featuring a beech frame add an extra touch of homelike charm to the interior design.

work

lupinowork

Whether you are working at the office or from home, whether you are using a laptop or a desktop computer, whether you are sitting in a seminar, meeting or conference room – office work takes many forms.

8610 Four-legged armchair

Instead of the usually protruding legs from behind, this frame is virtually symmetrically shaped. This design of this frame variation conveys a graceful, slender appearance.

8630 Sled-base armchair

The seat shell appears to be hovering above the sled base made of trapezoidally bent, slender round steel tubes.

8650 Armchair and stool, swivelling/height adjustable

The vertical clearance underneath the seat shell gives this variation a graceful appearance. The four base pedestals reach up towards the centre. Swivelling seat shell, height adjustable between 42 cm and 54 cm.

A man with a beard and mustache, wearing a black baseball cap and a black hoodie, is looking upwards and to the left. The background is a blurred cityscape at night with bokeh light effects. The word "black" is written in white, lowercase letters across the center of the image, overlaid on the man's hoodie.

black

lupinoblack

Our Black Edition. Entirely in black, upmarket and classy.
This colour reduction emphasises the clean lines and design language.
Perfectly suited as eye candy in modern interiors.

Possible configurations:

Metal parts textured powder coated in pearl black (RAL 9005). Wooden parts are stained in S10 black. With the aim of matching this finish, we recommend one of the following fabrics from our standard collection:

- Synergy: mix LDS17
- Main Line Flax: temple MLF16, edgware MLF28
- Remix 3: 163, 173, 196
- Cura: 60111, 60019
